

# **Audiology in the Community**

Working in partnership with NHS North Staffordshire, InHealth is now an accredited provider of the GP direct referral service for Audiology. This Audiology service is provided from the key location: Cornwall House Clinic in Newcastle-under-Lyme.

#### **Patient Pathway and Timescale**

### **Benefits of the Community Audiology Service**

- A full end to end service consisting of booking, hearing assessment, hearing aid fitting and maintenance
- Patients' appointments can be booked directly using Choose & Book
- Patient appointments are within 13 working days of the referral
- Patient receives an appointment letter, clear directions and map to the appointment location
- Patient receives an information leaflet on their hearing test to prepare them for the appointment
- All staff are highly trained audiologists who follow a Continued Professional Development Programme
- Patients are looked after for several years after the initial appointment, so that their hearing aids can be adjusted, repaired and refitted if necessary
- Range of hearing aids are available to suit the patients social and clinical needs

# How to Refer a Patient:

### **OPTION ONE: CHOOSE & BOOK**

The easiest way to refer a patient is to use Choose & Book by selecting the appropriate Diagnostic clinic. You will then be able to let the patient choose an appointment time and location.

## **OPTION TWO: REFERRAL FORM**

Alternatively, you can complete an audiology referral form (copies included in this pack) and fax/e-mail back to us on 0844 581 0305. We will then triage your referral and contact the patient within 5 working days to book an appointment for them.

For more referral forms please e-mail <a href="mailto:info@inhealthgroup.com">info@inhealthgroup.com</a>, or visit <a href="www.inhealthgroup.com">www.inhealthgroup.com</a>,
